Rink Kitchen Convenors

2022-2023 Season

The season is sneaking up on us and you are receiving this package because you have been selected to be the Convener for the upcoming season! With the absence of the Recreation Director, we've been asked to take on this task of getting the Kitchen Convener Packages together.

Kitchen Groups

Attached you will find the Groupings with a list of people that are part of your work group. I suggest you share this list/calendar that outlines which dates your group is responsible for. The work schedule timing is as follows: Sunday through to Wednesday, next group starts Thursday through to Saturday. Currently we have a system in place that seems to schedule each group pretty fairly BUT please understand, playoff games and provincial games are added later in the season and are completely out of our control. We ask that you schedule your workers a MINIMUM of 45 minutes before the game starts. It is up to you to schedule them accordingly. My suggestion is to schedule parents ahead of time and send it out. They then can trade shifts and hire students as they so wish.

Volunteers

As a convener you're responsible for finding out what games are happening during your Calendar spots as well as contacting the people in your group and setting up work times with them. You will be able to source the games/tournaments and bonspiels information on the town's website www.langenburg.ca by clicking "Community Calendar" on the home page. Please remember that game times get cancelled and switched and I advise that you look the calendar over the day before your scheduled days. I will do my best to blast a group text when I can, notifying of changes but it is always a good practice to double check.

If a family is not participating, please inform Tracey Yont of this family and we will pass this one to specific people to take the appropriate steps in dealing with this the situation. My contact information is below.

Kitchen Managers

Both Tammy Putland and I will be once again overseeing the duties of Kitchen Inventory Managers for this year's Kitchen season. We will be responsible for all the ordering, inventory and management. Volunteers have been asked to take their food safe. This does not mean they will be responsible for cooking but will need to be in the facility to answer questions, if need be, at home games. A list of parents with food safe will be posted in the kitchen. We will continue to make sure the machines are turned on; food is prepped and safe is unlocked.

Deposits

We will continue to ask that an evening deposit is made to the Credit Union. The deposit binder, instructions and deposit bags will be in the kitchen. Tammy or I will be responsible in unlocking the safe before opening.

Student Workers

Parents can hire a student to work their shift. You must **schedule 4 people for each shift**. Of those four people there must be a **MINIMUM OF TWO ADULTS** working. Any parent hiring a student is required to pay the student minimum wage (\$13.00). We are currently working with LCS on getting those interested student names, once we have a list, we will be sharing it with each convener, you can then pass those names on to your group. The student list will also be posted in the kitchen. **We can't stress enough how important it is that a MINIMUM OF TWO ADULTS need to be present during kitchen operating hours.**

Kitchen Keys

We are also providing you a key to the rink kitchen; we ask that you either open the kitchen up for those workers or pass the key onto a responsible shift worker. Each group key will need to be handed in at the end of the season – we ask that you take special care in this key.

Any questions – call one of us!

If you have any questions or concerns, I ask you email or call me. If anyone wishes to have a crash course on how the kitchen is run, please text me at 306-743-7211 and we can coordinate a quick run down of the expectations of Convenor duties and Kitchen instructions.

“Let the winter season of living at the rink begin”!!

Thank you for your attention.
